If you haven't started reading the Hardeman materials, use this version. I've made some editorials, and softened some language re the OCSPP meeting. I'm still rereading but wanted to get those changes to you. Let me know if you want to talk this morning about trying to capture some options at this point.

My notes/edits thus far. **Ex. 5 AC/AWP** – and am not sure I can do that before the meeting tomorrow. And I want to reread the amicus again.

Can we chat when you get a chance? I need to reread through this when I have a brain. Hoping in the morning, but if you have comments meanwhile, please let me know – even if to just process in conversation.
